

WLTA Proposal on Licensing & Education Changes

December 30, 2008

Members of the Wisconsin Land Title Association:

Our industry has gone through many changes and challenges in the past few years. Through the ups and downs, our members remain the association's greatest asset. Your contribution to the industry and the association is very valuable to the WLTA and we trust that you will assist us as we face yet more changes.

At the end of January, WLTA leadership has been invited by the Commissioner of Insurance, Sean Dilweg, to meet with him and his staff to present a new licensing & education proposal to them as they prepare to make changes.

Over two years ago the WLTA created a WLTA OCI Committee that has been working on improving communication with the OCI and we feel very honored and fortunate that Mr. Dilweg has asked us to be a part of these licensing and education discussions in their beginning stages.

The WLTA OCI Committee and your WLTA Board of Directors have developed and approved a draft of licensing and education changes which we have attached. Please take time to read it and respond to us with your thoughts, ideas and changes.

We want to give each and every member of the WLTA an opportunity to provide input. Please email your comments to Karen Gilster at the WLTA office kgilster@wlta.org or simply reply to this email.

Deadline for comments is January 14, 2009.

Thank you so much!
Happy New Year!

Sara Lindgren
WLTA President 2008-09

Mike Turney
Chair-WLTA OCI Committee
OCI Title Advisory Task Force-WLTA Representative
WLTA President-Elect
