

WLTA Legislative Alert
Public Hearings Scheduled for Technical Standards for
Electronic Recording of Documents in the County Register of Deeds Offices
December 12, 2008

The Department of Administration has scheduled public hearings in Madison, Green Bay, and Eau Claire for January 14 (Madison), 15 (Green Bay) and 16 (Eau Claire) on proposed Administrative Rule ADM 70, relating to technical standards for electronic recording of documents in the County Register of Deeds offices. A copy of the hearing notice is attached. A copy of the final version of this proposed rule will be forwarded as soon as our lobbyist, Pete Christianson, receives it.

If there are members in the Milwaukee area who would like to ride-share to the January 14th public hearing in Madison, please notify the WLTA office so we can help make connections & arrangements. In the meantime, efforts are also being made for a possible webcast of the Madison hearing. Watch for more information on this forwarded by email.

Happy Holidays!!!
